ICS-Blue Run[®]

Need a simple to install unit with either one or multiple inner UTP cables?

Need mechanical protection in high-traffic commercial or factory-floor situations?

Is the ability to move UTP cables without damage important?

ICS-Blue Run[®] might just be the answer.

This is a blue color-coated interlock product, providing protection and flexibility for your UTP cables.

BLUE RUN® CABLE WEIGHTS AND OD'S
